

Poverty and Income Estimates for Illinois Geographies with Populations of 20,000 or More

2006-2008 American Community Survey 3-Year Estimates

Analysis by the Social IMPACT Research Center

All data in this file are from the U.S. Census Bureau's 2006-2008 American Community Survey 3-Year Estimates. 3-year estimates from the American Community Survey are available for geographies with populations of 20,000 or more.

Geographies with populations of 65,000 or more have 1-year estimates available through the 2008 American Community Survey Single Year Estimates.

You can access fact sheets based on the 2008 American Community Survey for available Illinois and Midwest geographies by visiting <http://www.heartlandalliance.org/povertyreport/latest-poverty-data/local-fact-sheets.html>

In this file you will find data on:

[Poverty](#)

[Extreme Poverty](#)

[Low Income](#)

[Child Poverty](#)

[Median Household Income](#)

These data represent just a fraction of the data available in the American Community Survey. Interested in a more customized analysis of the new demographic, social, economic, and housing data for your program or project? The Social IMPACT Research Center can help. We have a variety of data services designed to best suit your needs, from a single data request to data subscriptions where we work with you throughout the year to find, analyze, and tailor data for your needs. Email us at research@heartlandalliance.org, and we will contact you to discuss your needs.
