Poverty & Well-Being in Illinois House District 1

24,103 people live in poverty and 8,700 live in extreme poverty in House District 1.

3,786 households in House District 1 are severely rent burdened, meaning they pay more than half of their income toward housing. In Illinois, 1 in 4 renters is severely rent burdened.

Across the state, 525,996 working Illinoisans live in poverty. 5,978 of these workers live in House District 1.

7,255 households in House District 1 receive SNAP (food stamps) to help feed their families.

23% of households in House District 1 are unbanked or underbanked.

229 people in House District 1 are on parole. All told, 4.1 million adults in Illinois—42 percent—have an arrest or conviction record, a substantial barrier to work and well-being.

35,830 children, parents, and other eligible adults (ages 19-64) are insured by Medicaid in House District 1.

Poverty undermines the basic human rights of your constituents, who are part of the 1.8 million Illinoisans living in poverty—829,000 of whom live in extreme poverty. Together we can work to end poverty in Illinois.

U.S. Census Bureau’s poverty thresholds for 2014 by size of family and number of related children under 18 years.

Data Sources and Notes

The fact sheets were compiled by the Social IMPACT Research Center at Heartland Alliance.

Poverty, extreme poverty, working poor, severe rent burden, SNAP, and Medicaid data come from the U.S. Census Bureau’s American Community Survey 5-year estimates program.

Unbanked and underbanked data come from calculations conducted by the Social IMPACT Research Center on data from CFED’s Assets & Opportunity Local Data Center. Unbanked is defined as households with neither a checking nor savings account. Underbanked is defined as households that have a checking and/or a savings account but have used non-bank money orders, non-bank check-cashing services, non-bank remittances, payday loans, rent-to-own services, pawn shops or refund anticipation loans (RALs) in the past 12 months.

Parole data come from the Illinois Department of Corrections, on file with author. The number of Illinoisans with a record comes from the National Employment Law Project’s analysis of Bureau of Justice Statistics’ data, on file with author.

U.S. Census Bureau’s poverty thresholds for 2014 by size of family and number of related children under 18 years.

Data Sources and Notes

The fact sheets were compiled by the Social IMPACT Research Center at Heartland Alliance.

Poverty, extreme poverty, working poor, severe rent burden, SNAP, and Medicaid data come from the U.S. Census Bureau’s [American Community Survey 5-year estimates program](https://www.census.gov/acs/).

Unbanked and underbanked data come from calculations conducted by the Social IMPACT Research Center on data from CFED’s [Assets & Opportunity Local Data Center](https://www.assetopportunity.org/). Unbanked is defined as households with neither a checking nor savings account. Underbanked is defined as households that have a checking and/or a savings account but have used non-bank money orders, non-bank check-cashing services, non-bank remittances, payday loans, rent-to-own services, pawn shops or refund anticipation loans (RALs) in the past 12 months.

Parole data come from the Illinois Department of Corrections, on file with author. The number of Illinoisans with a record comes from the National Employment Law Project’s analysis of Bureau of Justice Statistics’ data, on file with author.

32,996 people live in poverty and 17,481 live in extreme poverty in House District 10.

7,317 households in House District 10 are severely rent burdened, meaning they pay more than half of their income toward housing. In Illinois, 1 in 4 renters is severely rent burdened.

Across the state, 525,996 working Illinoisans live in poverty. 6,379 of these workers live in House District 10.

11,698 households in House District 10 receive SNAP (food stamps) to help feed their families.

32% of households in House District 10 are unbanked or underbanked.

1,321 people in House District 10 are on parole. All told, 4.1 million adults in Illinois—42 percent—have an arrest or conviction record, a substantial barrier to work and well-being.

34,605 children, parents, and other eligible adults (ages 19-64) are insured by Medicaid in House District 10.

Poverty undermines the basic human rights of your constituents, who are part of the 1.8 million Illinoisans living in poverty—829,000 of whom live in extreme poverty. Together we can work to end poverty in Illinois.

U.S. Census Bureau’s poverty thresholds for 2014 by size of family and number of related children under 18 years.

Data Sources and Notes

The fact sheets were compiled by the Social IMPACT Research Center at Heartland Alliance.

Poverty, extreme poverty, working poor, severe rent burden, SNAP, and Medicaid data come from the U.S. Census Bureau’s American Community Survey 5-year estimates program.

Unbanked and underbanked data come from calculations conducted by the Social IMPACT Research Center on data from CFED’s Assets & Opportunity Local Data Center. Unbanked is defined as households with neither a checking nor savings account. Underbanked is defined as households that have a checking and/or a savings account but have used non-bank money orders, non-bank check-cashing services, non-bank remittances, payday loans, rent-to-own services, pawn shops or refund anticipation loans (RALs) in the past 12 months.

Parole data come from the Illinois Department of Corrections, on file with author. The number of Illinoisans with a record comes from the National Employment Law Project’s analysis of Bureau of Justice Statistics’ data, on file with author.

12,461 people live in poverty and 4,929 live in extreme poverty in House District 19.

3,286 households in House District 19 are severely rent burdened, meaning they pay more than half of their income toward housing. In Illinois, 1 in 4 renters is severely rent burdened.

Across the state, 525,996 working Illinoisans live in poverty. 3,617 of these workers live in House District 19.

3,868 households in House District 19 receive SNAP (food stamps) to help feed their families.

18% of households in House District 19 are unbanked or underbanked.

73 people in House District 19 are on parole. All told, 4.1 million adults in Illinois—42 percent—have an arrest or conviction record, a substantial barrier to work and well-being.

16,158 children, parents, and other eligible adults (ages 19-64) are insured by Medicaid in House District 19.

Poverty undermines the basic human rights of your constituents, who are part of the 1.8 million Illinoisans living in poverty – 829,000 of whom live in extreme poverty. Together we can work to end poverty in Illinois.

Unbanked and underbanked data come from calculations conducted by the Social IMPACT Research Center on data from CFED’s Assets & Opportunity Local Data Center. Unbanked is defined as households with neither a checking nor savings account. Underbanked is defined as households that have a checking and/or a savings account but have used non-bank money orders, non-bank check-cashing services, non-bank remittances, payday loans, rent-to-own services, pawn shops or refund anticipation loans (RALs) in the past 12 months.

Parole data come from the Illinois Department of Corrections, on file with author. The number of Illinoisans with a record comes from the National Employment Law Project’s analysis of Bureau of Justice Statistics’ data, on file with author.

17,586 people live in poverty and 8,053 live in extreme poverty in House District 27.

3,246 households in House District 27 are severely rent burdened, meaning they pay more than half of their income toward housing. In Illinois, 1 in 4 renters is severely rent burdened.

Across the state, 525,996 working Illinoisans live in poverty. 3,530 of these workers live in House District 27.

7,105 households in House District 27 receive SNAP (food stamps) to help feed their families.

28% of households in House District 27 are unbanked or underbanked.

491 people in House District 27 are on parole. All told, 4.1 million adults in Illinois—42 percent—have an arrest or conviction record, a substantial barrier to work and well-being.

22,439 children, parents, and other eligible adults (ages 19-64) are insured by Medicaid in House District 27.

Poverty undermines the basic human rights of your constituents, who are part of the 1.8 million Illinoisans living in poverty – 829,000 of whom live in extreme poverty. Together we can work to end poverty in Illinois.

U.S. Census Bureau’s poverty thresholds for 2014 by size of family and number of related children under 18 years.

Data Sources and Notes

The fact sheets were compiled by the Social IMPACT Research Center at Heartland Alliance.

Poverty, extreme poverty, working poor, severe rent burden, SNAP, and Medicaid data come from the U.S. Census Bureau’s American Community Survey 5-year estimates program.

Unbanked and underbanked data come from calculations conducted by the Social IMPACT Research Center on data from CFED’s Assets & Opportunity Local Data Center. Unbanked is defined as households with neither a checking nor savings account. Underbanked is defined as households that have a checking and/or a savings account but have used non-bank money orders, non-bank check-cashing services, non-bank remittances, payday loans, rent-to-own services, pawn shops or refund anticipation loans (RALs) in the past 12 months.

Parole data come from the Illinois Department of Corrections, on file with author. The number of Illinoisans with a record comes from the National Employment Law Project’s analysis of Bureau of Justice Statistics’ data, on file with author.

9,247 people live in poverty and 4,388 live in extreme poverty in House District 44.

1,996 households in House District 44 are severely rent burdened, meaning they pay more than half of their income toward housing. In Illinois, 1 in 4 renters is severely rent burdened.

Across the state, 525,996 working Illinoisans live in poverty. 2,352 of these workers live in House District 44.

3,086 households in House District 44 receive SNAP (food stamps) to help feed their families.

16% of households in House District 44 are unbanked or underbanked.

105 people in House District 44 are on parole. All told, 4.1 million adults in Illinois—42 percent—have an arrest or conviction record, a substantial barrier to work and well-being.

17,818 children, parents, and other eligible adults (ages 19-64) are insured by Medicaid in House District 44.

Poverty undermines the basic human rights of your constituents, who are part of the 1.8 million Illinoisans living in poverty – 829,000 of whom live in extreme poverty.

Together we can work to end poverty in Illinois.

U.S. Census Bureau’s poverty thresholds for 2014 by size of family and number of related children under 18 years.

Data Sources and Notes

The fact sheets were compiled by the Social IMPACT Research Center at Heartland Alliance.

Poverty, extreme poverty, working poor, severe rent burden, SNAP, and Medicaid data come from the U.S. Census Bureau’s American Community Survey 5-year estimates program.

Unbanked and underbanked data come from calculations conducted by the Social IMPACT Research Center on data from CFED’s Assets & Opportunity Local Data Center. Unbanked is defined as households with neither a checking nor savings account. Underbanked is defined as households that have a checking and/or a savings account but have used non-bank money orders, non-bank check-cashing services, non-bank remittances, payday loans, rent-to-own services, pawn shops or refund anticipation loans (RALs) in the past 12 months.

Parole data come from the Illinois Department of Corrections, on file with author. The number of Illinoisans with a record comes from the National Employment Law Project’s analysis of Bureau of Justice Statistics’ data, on file with author.

The fact sheets were compiled by the Social IMPACT Research Center at Heartland Alliance.

Poverty, extreme poverty, working poor, severe rent burden, SNAP, and Medicaid data come from the U.S. Census Bureau’s American Community Survey 5-year estimates program.

Unbanked and underbanked data come from calculations conducted by the Social IMPACT Research Center on data from CFED’s Assets & Opportunity Local Data Center. Unbanked is defined as households with neither a checking nor savings account. Underbanked is defined as households that have a checking and/or a savings account but have used non-bank money orders, non-bank check-cashing services, non-bank remittances, payday loans, rent-to-own services, pawn shops or refund anticipation loans (RALs) in the past 12 months.

Parole data come from the Illinois Department of Corrections, on file with author. The number of Illinoisans with a record comes from the National Employment Law Project’s analysis of Bureau of Justice Statistics’ data, on file with author.

Poverty & Well-Being in Illinois House District 61

8,672 people live in poverty and 4,492 live in extreme poverty in House District 61.

2,310 households in House District 61 are severely rent burdened, meaning they pay more than half of their income toward housing. In Illinois, 1 in 4 renters is severely rent burdened.

Across the state, 525,996 working Illinoisans live in poverty. 2,311 of these workers live in House District 61.

3,411 households in House District 61 receive SNAP (food stamps) to help feed their families.

28% of households in House District 61 are unbanked or underbanked.

173 people in House District 61 are on parole. All told, 4.1 million adults in Illinois—42 percent—have an arrest or conviction record, a substantial barrier to work and well-being.

15,032 children, parents, and other eligible adults (ages 19-64) are insured by Medicaid in House District 61.

Poverty undermines the basic human rights of your constituents, who are part of the 1.8 million Illinoisans living in poverty – 829,000 of whom live in extreme poverty. Together we can work to end poverty in Illinois.

U.S. Census Bureau’s poverty thresholds for 2014 by size of family and number of related children under 18 years.

### Data Sources and Notes

The fact sheets were compiled by the Social IMPACT Research Center at Heartland Alliance.

Poverty, extreme poverty, working poor, severe rent burden, SNAP, and Medicaid data come from the U.S. Census Bureau’s [American Community Survey 5-year estimates program](https://www.census.gov/acs/index.html).

Unbanked and underbanked data come from calculations conducted by the Social IMPACT Research Center on data from CFED’s [Assets & Opportunity Local Data Center](https://www.assetsdatacenter.org/). Unbanked is defined as households with neither a checking nor savings account. Underbanked is defined as households that have a checking and/or a savings account but have used non-bank money orders, non-bank check-cashing services, non-bank remittances, payday loans, rent-to-own services, pawn shops or refund anticipation loans (RALs) in the past 12 months.

Parole data come from the Illinois Department of Corrections, on file with author. The number of Illinoisans with a record comes from the National Employment Law Project’s analysis of Bureau of Justice Statistics’ data, on file with author.

17,433 people live in poverty and 8,460 live in extreme poverty in House District 70.

4,447 households in House District 70 are severely rent burdened, meaning they pay more than half of their income toward housing. In Illinois, 1 in 4 renters is severely rent burdened.

3,789 households in House District 70 receive SNAP (food stamps) to help feed their families.

106 people in House District 70 are on parole. All told, 4.1 million adults in Illinois—42 percent—have an arrest or conviction record, a substantial barrier to work and well-being.

Across the state, 525,996 working Illinoisans live in poverty. 8,960 of these workers live in House District 70.

23% of households in House District 70 are unbanked or underbanked.

15,682 children, parents, and other eligible adults (ages 19-64) are insured by Medicaid in House District 70.

Poverty undermines the basic human rights of your constituents, who are part of the 1.8 million Illinoisans living in poverty – 829,000 of whom live in extreme poverty. Together we can work to end poverty in Illinois.

U.S. Census Bureau’s poverty thresholds for 2014 by size of family and number of related children under 18 years.

Data Sources and Notes

The fact sheets were compiled by the Social IMPACT Research Center at Heartland Alliance.

Poverty, extreme poverty, working poor, severe rent burden, SNAP, and Medicaid data come from the U.S. Census Bureau’s American Community Survey 5-year estimates program.

Unbanked and underbanked data come from calculations conducted by the Social IMPACT Research Center on data from CFED’s Assets & Opportunity Local Data Center. Unbanked is defined as households with neither a checking nor savings account. Underbanked is defined as households that have a checking and/or a savings account but have used non-bank money orders, non-bank check-cashing services, non-bank remittances, payday loans, rent-to-own services, pawn shops or refund anticipation loans (RALs) in the past 12 months.

Parole data come from the Illinois Department of Corrections, on file with author. The number of Illinoisans with a record comes from the National Employment Law Project’s analysis of Bureau of Justice Statistics’ data, on file with author.

U.S. Census Bureau’s poverty thresholds for 2014 by size of family and number of related children under 18 years.

Data Sources and Notes

The fact sheets were compiled by the Social IMPACT Research Center at Heartland Alliance.

Poverty, extreme poverty, working poor, severe rent burden, SNAP, and Medicaid data come from the U.S. Census Bureau’s American Community Survey 5-year estimates program.

Unbanked and underbanked data come from calculations conducted by the Social IMPACT Research Center on data from CFED’s Assets & Opportunity Local Data Center. Unbanked is defined as households with neither a checking nor savings account. Underbanked is defined as households that have a checking and/or a savings account but have used non-bank money orders, non-bank check-cashing services, non-bank remittances, payday loans, rent-to-own services, pawn shops or refund anticipation loans (RALs) in the past 12 months.

Parole data come from the Illinois Department of Corrections, on file with author. The number of Illinoisans with a record comes from the National Employment Law Project’s analysis of Bureau of Justice Statistics’ data, on file with author.

U.S. Census Bureau’s poverty thresholds for 2014 by size of family and number of related children under 18 years.

### Data Sources and Notes

The fact sheets were compiled by the Social IMPACT Research Center at Heartland Alliance.

Poverty, extreme poverty, working poor, severe rent burden, SNAP, and Medicaid data come from the U.S. Census Bureau’s [American Community Survey 5-year estimates program](https://www.census.gov/acs/index.html).

Unbanked and underbanked data come from calculations conducted by the Social IMPACT Research Center on data from CFED’s [Assets & Opportunity Local Data Center](https://wwwassets-opportunity.org/). Unbanked is defined as households with neither a checking nor savings account. Underbanked is defined as households that have a checking and/or a savings account but have used non-bank money orders, non-bank check-cashing services, non-bank remittances, payday loans, rent-to-own services, pawn shops or refund anticipation loans (RALs) in the past 12 months.

Parole data come from the Illinois Department of Corrections, on file with author. The number of Illinoisans with a record comes from the National Employment Law Project’s analysis of Bureau of Justice Statistics’ data, on file with author.

28,026 people live in poverty and 13,475 live in extreme poverty in House District 96.

5,294 households in House District 96 are severely rent burdened, meaning they pay more than half of their income toward housing. In Illinois, 1 in 4 renters is severely rent burdened.

Across the state, 525,996 working Illinoisans live in poverty. 8,001 of these workers live in House District 96.

10,531 households in House District 96 receive SNAP (food stamps) to help feed their families.

10% of households in House District 96 are unbanked or underbanked.

440 people in House District 96 are on parole. All told, 4.1 million adults in Illinois—42 percent—have an arrest or conviction record, a substantial barrier to work and well-being.

34,678 children, parents, and other eligible adults (ages 19-64) are insured by Medicaid in House District 96.

Poverty undermines the basic human rights of your constituents, who are part of the 1.8 million Illinoisans living in poverty—829,000 of whom live in extreme poverty. Together we can work to end poverty in Illinois.

Data Sources and Notes

The fact sheets were compiled by the Social IMPACT Research Center at Heartland Alliance.

Poverty, extreme poverty, working poor, severe rent burden, SNAP, and Medicaid data come from the U.S. Census Bureau’s American Community Survey 5-year estimates program.

Unbanked and underbanked data come from calculations conducted by the Social IMPACT Research Center on data from CFED’s Assets & Opportunity Local Data Center. Unbanked is defined as households with neither a checking nor savings account. Underbanked is defined as households that have a checking and/or a savings account but have used non-bank money orders, non-bank check-cashing services, non-bank remittances, payday loans, rent-to-own services, pawn shops or refund anticipation loans (RALs) in the past 12 months.

Parole data come from the Illinois Department of Corrections, on file with author. The number of Illinoisans with a record comes from the National Employment Law Project’s analysis of Bureau of Justice Statistics’ data, on file with author.

18,798 people live in poverty and 8,686 live in extreme poverty in House District 104.

3,106 households in House District 104 are severely rent burdened, meaning they pay more than half of their income toward housing. In Illinois, 1 in 4 renters is severely rent burdened.

5,730 households in House District 104 receive SNAP (food stamps) to help feed their families.

308 people in House District 104 are on parole. All told, 4.1 million adults in Illinois—42 percent—have an arrest or conviction record, a substantial barrier to work and well-being.

11% of households in House District 104 are unbanked or underbanked.

Across the state, 525,996 working Illinoisans live in poverty. 4,959 of these workers live in House District 104.

24,158 children, parents, and other eligible adults (ages 19-64) are insured by Medicaid in House District 104.

Poverty undermines the basic human rights of your constituents, who are part of the 1.8 million Illinoisans living in poverty – 829,000 of whom live in extreme poverty. Together we can work to end poverty in Illinois.

U.S. Census Bureau’s poverty thresholds for 2014 by size of family and number of related children under 18 years.

Data Sources and Notes

The fact sheets were compiled by the Social IMPACT Research Center at Heartland Alliance.

Poverty, extreme poverty, working poor, severe rent burden, SNAP, and Medicaid data come from the U.S. Census Bureau’s American Community Survey 5-year estimates program.

Unbanked and underbanked data come from calculations conducted by the Social IMPACT Research Center on data from CFED’s Assets & Opportunity Local Data Center. Unbanked is defined as households with neither a checking nor savings account. Underbanked is defined as households that have a checking and/or a savings account but have used non-bank money orders, non-bank check-cashing services, non-bank remittances, payday loans, rent-to-own services, pawn shops or refund anticipation loans (RALs) in the past 12 months.

Parole data come from the Illinois Department of Corrections, on file with author. The number of Illinoisans with a record comes from the National Employment Law Project’s analysis of Bureau of Justice Statistics’ data, on file with author.
